

Jared said they later went to the house where it happened and Bryan brought it up again and he was skeptical about what Bryan had told him. Bryan asked Jared if he wanted to see the body as proof. Jared followed Bryan into the garage. Jared showed him the back of the car where Jared saw that there were sheets. Bryan said it was the body. Again, Jared did not believe him and told him to prove it. Bryan then opened the car and lifted the sheet so that he could see Linda. Jared described the body as "not a pretty sight." Jared said the body was really bloody. Jared said he thought to himself that the body was fairly fresh as there was no odor yet, nor were there any flies. Jared said he learned from a forensic science class he is currently taking about body decomposition and the stages where odor sets in and flies form. Jared reported he thought the body had been placed in the car recently. Jared reported that he was shock and it did not hit him right away. Jared reported they went into the house where they talked more and it began to settle in what was going on.

Jared remembered talking in the living room about what had happened with Tess and Bryan. Jared reported that Bryan make the statement "the house is mine now." Jared said that there was not a lot of talk, but when there was, it was to Bryan and not Tess. Jared reported that they may have watched a movie then Bryan took him home in the black Acura.

Jared stated that Tess seemed like she was hurting, but wouldn't show it in front of Bryan. Jared reported that in front of Tess, Bryan tried to be "up beat" to make things more comfortable for Tess, but he did not seem himself. Jared reported that when they were alone on the ride back to his house, Bryan "broke down" and was crying. Jared reported that Bryan made the statements "I fucked up," "I feel horrible," "I don't know what is going to happen."

Jared confirmed that Bryan claims Insane Clown Posse (ICP) Jared said he knows Bryan to smoke Marijuana and that he used to drink. Jared said he does not drink anymore after an incident. Jared said Bryan met Tess and he did not like her at first. Jared said after awhile, Bryan began to change a little for the better.

Jared was asked if he saw the body again. Jared stated "no." Jared was asked if he learned about them trying to dispose of the body. Jared stated "yes." Jared reported that they told him they needed to bury the body. Jared said he told them no, and that idea was stupid. Jared told Bryan that if his account of what happened to Linda was true, he had nothing to worry about because it was self defense, and he should go straight to the police with what happened.

Jared was asked if he knew if Bryan tried to bury the body. Jared stated "from what I, know he did." Jared reported that Bryan called him in the middle of the night and tried to get him to go and help dispose of the body. Jared said he told him no and Bryan replied that he understood. Jared was asked where they were going to dispose of the body. Jared said he did not know. Jared was asked again if he knew where they took the body. Jared then replied that he remembered that maybe they were going to take it to a cemetery. Jared explained that he may have suggested the cemetery to get Bryan off the phone so that he could go back to sleep. Jared was informed that sometimes suspects talk about who are involved and informed him he should be honest about what happened.

Jared stated, "Okay, Okay, I was worried about that, I haven't been truthful." Jared reported that Bryan asked him to help take the body to a landfill. Jared said that Bryan took the body in the Subaru and he followed in the Acura. Jared stated it was only him and Bryan. Jared reported they went to the Erie landfill, where he got the car stuck in the mud as it had recently snowed. Bryan and Jared decided not to dump the body and returned to the house in Lafayette.

Jared reported the following night, Bryan, Tess, and him took the body to the cemetery near his school, New Vista High School, in Boulder. Jared reported they found a spot next to a tree and dug a shallow grave. Jared reported they did not bury the body deep enough and there was a hump. Jared reported they got spooked by someone Bryan believed to be a police officer. They left the cemetery, and dropped off the Subaru at the house in Lafayette. Bryan and Tess then took Jared home in the Acura. While en route to his house, Bryan told Jared he was sorry he was going to have to turn the car around. Bryan told Jared he could not leave the body there because it was not buried good enough. Jared and Bryan took Tess home and took only the Subaru back to the cemetery. Jared reported they dug up the body and placed it in the back of the Subaru. They then returned to Lafayette and parked the car in the garage.

Jared reported he believed they originally began digging the hole approximately 2300 hours and finished burying the body around 0130 hours before being spooked by L.E. Jared reported they recovered the body prior to sunrise. Jared reported he believed they buried the body February 6th, 7th, or 8th. Jared remembered having a conversation about how Valentines Day was going to be the next week. Jared also reported that he believed the murder must have occurred on the 27th or 28th based on when he viewed the body.

Jared was asked if he helped with the murder of Linda. Jared said he did not. Jared said he wasn't thinking straight and that Bryan was his "brother." Jared indicated he felt he needed to help him. Jared said he did try to tell Bryan again that he needed to turn himself in if it was self defense. Bryan did not listen. Jared said he gave up and just tried to focus on straightening out his own life. Jared stated he needed to focus on his grades and graduating.

Jared was arrested at 2230 hours and transported to the Lafayette Police Department for booking. Once at the PD, Detective Robinson asked Jared if he would do a video taped statement reiterating his earlier statements. Jared agreed and signed a written waiver of Miranda rights.

Jared was photographed, fingerprinted, and then transported to the Boulder County Jail for lodging.

See Tiburon reports for further details.

End of narrative.
