

- 1** Continental Airlines Flight 1404 veers off Runway 34Right, apparently after pilots aborted the takeoff.
- 2** The plane travels through an open field and across Taxiway WC.
- 3** It continues its slide across Kewaunee Street, an access road for DIA vehicles, leaving a field of debris.
- 4** The plane comes to rest just northeast of DIA Airport Rescue and Firefighting station 4, with the right side of the plane on fire and the left engine sitting detached near the left wing.

**Boeing 737-500**

**Capacity**  
Flight crew of two. Typical two-class seating for 108 (eight first and 100 economy).

**Emergency doors**

36 ft., 6 inches

94 ft., 9 inches

101 ft., 9 inches
