# DESKTOP DENVER BRONCO

## Von Miller

Print out your Von Miller Desktop Denver Broncos QB. It will need to be printed on **11x17 paper** (and it will work better with heavier stock paper). Use scissors or a hobby knife and some clear tape to create your own player. Just cut out the glasses and arms along the inside of the black lines. Then fold along the gray lines and tape together. The folds will work better if they are scored with the back of a hobby knife.

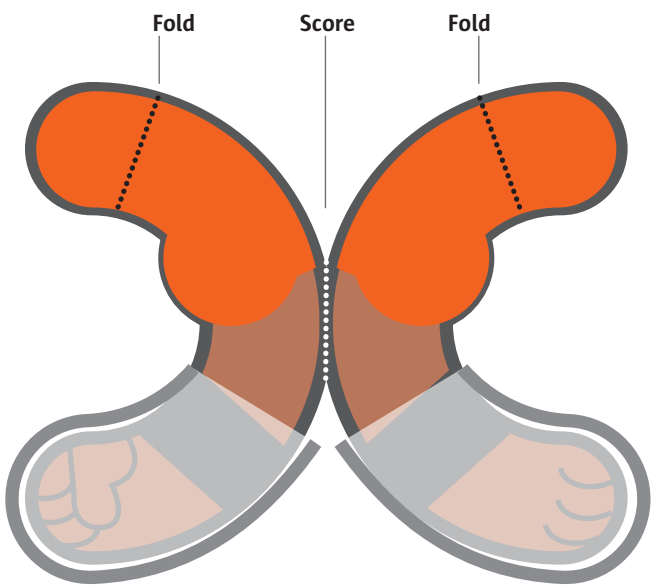

The body should stand on its own, and will be ready for game time with the Desktop Tebow teammate.
