

The Denver Post's

DESKTOP DENVER BRONCO

Miller helmet and facemask

Print out your Von Miller Desktop Denver Broncos. It will need to be printed on **11x17 paper** (and it will work better with heavier stock paper). Use scissors or a hobby knife and some clear tape to create your own player. Just cut out the helmet and face mask along the inside of the black lines. Then fold along the gray lines and tape together. The folds will work better if they are scored with the back of a hobby knife. The helmet should fit over Desktop Miller's head without the glasses.
