

# DIRECTIONS:

**1** Print your desktop figure on 11 x 17 paper. (A smaller Suh can be built with 8.5 x 11 paper.)

NOTE: To make figure sturdier, you may paste pieces to heavy paper before trimming or print it on heavier stock.

**2** Trim out all pieces with scissors or craft knife.

**3** Assemble main figure by folding tabs and along lines.

**4** Cut slits for arms (dotted lines on figure's sides). Fold arms in half and insert into slits.

**5** Secure back to front with tape.

**6** Assemble helmet, cutting slits for facemask and insert ends into slits. Secure with tape. Put the helmet on.

**7** Show your Lions spirit with your desktop figure.
